OUR SERVICES

Mannafy helps businesses gain exposure to future customers without spending a ridiculous amount of money. Gain access to tens of thousands of potential customers by offering a giveaway on Mannafy. There's no upfront fee — as we simply join your affiliate program and only make a commission when we send you sales.

Why giveaways? Because they work! Why spend your marketing budget on ads when you can use it to get your product into the hands of consumers? Each giveaway provides an opportunity to get people excited about your product and drive sales by identifying users who have an interest in what you offer.
